#### HG kitchen drain unblocker

HG "kitchen drain unblocker" has been specially developed to clear blockages caused by very stubborn grease and food residues. This professional product works on the basis of specially selected natural enzymes and microbes and is therefore fully biodegradable and is absolutely safe for all types of drains and septic tanks. In fact using HG "kitchen drain unblocker" actually boosts the bacteria culture in septic tanks. HG "kitchen drain unblocker" used correctly will keep unpleasant odours at bay for substantial periods of time.

#### Directions for use:

**For a blocked drain:** Remove any water lying at the bottom of the basin or kitchen sink. Pour about 300 ml of HG "kitchen drain unblocker" down the drain. Then pour the same quantity of lukewarm water in order to activate HG "kitchen drain unblocker". Allow the product to 'eat away' the dirt for several hours (this takes a minimum of 6 hours), then rinse the drain through with water.

**For a poorly running drain:** First run lukewarm water through the drain for approx. 1 minute. Pour about 300 ml of HG "kitchen drain unblocker" down the drain. Then pour down the same quantity of lukewarm water in order to activate HG "kitchen drain unblocker". Allow the product to 'eat away' the dirt for several hours (this takes a minimum of 6 hours), then rinse the drain through with water.

**To prevent blockages and unpleasant odours:** Pour a capfull (approx. 25 ml) of HG "kitchen drain unblocker" down the drain once every two weeks.

**Attention: Transport and store the bottle upright.** Use HG "kitchen drain unblocker" at a time when the drain does not need to be used for 6 to 8 hours after use, for example last thing at night. Should this product not produce adequate results, we recommend you use HG "duo unblocker". HG "duo unblocker" is an extremely powerful unblocker and it has a unique "no good, money back" guarantee. **P101-** If medical advice is needed, have product container or label at hand. **P102-** Keep out of reach of children. Keep in a frost-free area.
